

Dear Parent,

Enclosed you will find a packet of paperwork that needs to be filled out in order to become a nutrition patient of Dr. Toensing's. As soon as our office received these completed documents we will contact you to schedule your Initial Nutrition Consultation.

Your child's completed forms may be dropped off if you are a local patient, faxed to (844) 772-6363 or scanned and emailed to Info@SPandMe.com

Our fees are as follows: Initial consultation will cost **\$105**. You should plan on allowing about an hour for your child's initial consultation. For follow-up consultations without testing please allow approximately 30 minutes. For follow-up consultations with test results please allow between 45-60 minutes.

We do not bill insurance for nutritional services, nor do we provide CPT or diagnosis codes for you to do so, as the nutritional work performed by Dr. Toensing is not designed to diagnose or treat a disease. You will find further explanation of this in the disclaimer portion of this packet. We would appreciate it if you were prepared to pay your child's consultation fee at the time of service. Dr. Toensing may require additional testing depending on the age of the child, following their initial consultation. Any supplements and additional testing recommended is an additional charge.

We look forward to working with you and your child, helping them reach maximum wellness.

Sincerely,

Korey Toensing D.C.
